

Learner Approved Motorcycle Scheme (LAMS) List

As Approved by the Registrar of Motor Vehicles – Last Updated [49-26](#) June 2008

Effective 1 July 2007

The Tasmanian Learner Approved Motorcycle Scheme (LAMS) is an initiative that identifies motorcycles that are considered suitable for inexperienced riders (learners and all riders in their first year after progressing from a motorcycle learner licence).

LAMS motorcycles have a maximum power to weight ratio of 150 kilowatts per tonne combined with a maximum engine capacity of 660cc.

From 1 July 2007 the LAMS motorcycle only restriction replaced the maximum engine capacity of 250cc restriction for learners and all riders in their first year after progressing from a motorcycle learner licence.

Note: It is the responsibility of learner motorcycle riders and all riders in their first year after progressing from their learner licence to ride only LAMS motorcycles from the following list. This LAMS list of motorcycles will be updated when additional makes/models are approved by the Registrar of Motor Vehicles.

LAMS Motorcycles with Engine Capacity 0-250cc

All models with engine capacity of 250cc or less **with the exception of:**

MAKE	MODEL
APRILIA	RS250
HONDA	NSR250
KAWASAKI	KR250 (KR-1 AND KR-1S MODELS)
SUZUKI	RGV250
YAHAMA	TZR250
